B. Reports published by the University of Illinois. 1918-1936

Note: In 1918, when the Secretary sent the copy for the biennial Report to the State Printer, he was notified that there were no funds to print it. Since the University was unprepared for this decision, and had no funds, no State edition of the report was printed. Beginning with 1920, the University has compiled a report consisting of introductory matter (staff, summaries of students, etc.) and the proceedings of the Board, in a very limited edition and has sent two copies to the Governor, as provided by law, and one copy to each member of the General Assembly. Other copies are deposited in a select list of libraries. Beyond this there is no supply available for general distribution. All reports since 1918 have been printed by the University of Illinois Press.

#### Pages in Board Reports

In the 49 years from 1867 to 1916, the total number of pages in the Report of the University was 12,904; of these, 5,324 were taken up by the minutes, 4,122 by lists of warrants (first separated from the minutes in 1882) and 215 pages by index. From 1910 to 1914, the total number of pages was 2,250, of which 771 are minutes 1,338 lists of warrants, and 59 index.

Since 1910, the Board Minutes and Reports have been edited and indexed by and under the direction of H. E. Cunningham (Secretary since 1914). The total number of pages through June 1936 is 12,902, divided as follows: Minutes, 8,787: Warrants (discontinued after 1916), 2,706: Index, 760.

#### Minutes of the Board of Trustees

The minutes of the Board of Trustees from March 1867 to June 1897 were kept (in manuscript) in four large volumes, at present kept in the Registrar's vault, as follows:

A - March 1867 to September 1882

- 2 - December 1882 to March 1891
- E - June 1891 to June 1895
- 4 - September 1895 to June 1897

Beginning with September 1897, the minutes of the Board have been printed in press-proof from after each meeting, presented at a later meeting for approval by the Board, and then printed in final form to constitute the Secretary's official record. Sets of these bound volumes are deposited in the offices of the President, the Comptroller, the Registrar, the University Library, and the Trustee's Library. The volumes are numbered as follows:

- 5. September 1897 to July 1901
- 6. September 1901 to July 1905
- 7. September 1905 to August 1908
- 8. September 1908 to July 1910

Since which time, the minutes have continued to be bound in biennial volumes (except for the years 1921 and 1922, when each year was bound and indexed separately). The volume for 1934-36 is No. 22.

November 24, 1964

Board of Trustees' Reports, including minutes of Board and Executive Committee meetings covering academic policies, administration, fiscal management, staff appointments, student affairs, lists of students receiving degrees and certificates (1872- ), listings of trustees, administrative officers, Council, Senates, officers of the Alumni, Dads, Mothers and Athletic Association; and the Examiners in Accountancy, University Retirement, Civil Service Merit System and Natural Resources and Conservation Boards. Before 1952, lists of faculty and staff (summarized for 1936-52) and summaries of students were included. Prior to 1916, Financial Reports were separated from Trustees' Proceedings. For 1887-1906, Reports of the State Laboratory of Natural History, Agricultural Experiment Station, Biological Experimental Station and Colleges of Pharmacy and Medicine were given. Reports include the University Circular and Catalogue (1867-75), abbreviated into Character and Organization of the University between 1876-85, appearing for the last time in 1890; University library catalog (1868-1870), a report on Illinois farm soils, practices, crops and livestock (1869-74) and Annual Courses of Agricultural Lectures and Discussions. Many faculty papers concerning agricultural topics were included between 1874 and 1890. Programs reprinted include: The Inauguration of the University, with addresses of Dr. Newton Bateman and Regent John M. Gregory (1868); the laying of the cornerstone for the drill hall and mechanical shops with addresses by Jonathan Turner and Bateman (1870); the dedication of "New" University Hall with addresses by Gregory, Governor John Beveridge and General John Eaton (1886); Henry Weber's "History of the Development of Chemistry" for the opening of a new chemistry laboratory (1888), and for the College of Engineering in 1894. In 1871, the Reports include the Proceedings of the Convention of Friends of Agricultural Education, representing primarily land-grant colleges, at

Chicago. Incidental items include programs of commencement exercises (1873-75), lists of 4-year students (1872-75), general lists of student and alumni (1876- ), statistical tables (1874-75) and listed occupations of graduates (1888-92). Between volume 28, for the year ending June 30, 1916 and volume 31, for the year beginning July 26, 1920, no copies of the Reports have been found. This gap has been filled with volume 12 and 13 of Transactions of the Board of Regents, which consist only of the Proceedings for those years, omitting lists of board, faculty and staff.

Beginning with the 52nd Report (1962-64) internal operating budgets (including salaries) were published as supplements to the Trustees' Reports.
