

11.05.37
College of Engineering
Civil Engineering
Hardy Cross Papers, 1927-1959, ca. 2003

Box 1:

Provenance Notes, ca. 2003
Biographical Statements, 1957
Awards, 1958
Correspondence, 1959
Newspaper clippings, 1936-1959
Memorials, 1959
Papers and Presentations, 1935-1952
Photographs
Lists of Students and Associates, 1940-1953
Publications

Publication Lists

Journal Articles

- “Virtual Work: A Restatement,” in *American Society of Civil Engineers*, 1927
- “Continuity as a Factor in Reinforced Concrete Design,” in *American Concrete Institute*, 1929
- “Dependability of the Theory of Concrete Arches,” in *Engineering Experiment Station Bulletin*, No. 203, 1930
- “The Column Analogy,” in *Engineering Experiment Station Bulletin*, No. 7, 1930
- “Analysis of Continuous Frames by Distributing Fixed-end Moments,” in *American Society of Civil Engineers*, 1932 (*Digital Surrogate*)
- “Tunnel and Penstock Tests at Chelan Station, Washington,” in *American Society of Civil Engineers*
- “Limitations and Application of Structural Analysis,” in *Engineering News-Record*, 1935
- “The Relation of Analysis to Structural Design,” in *American Society of Civil Engineers*, 1936
- “Analysis of Flow in Networks of Conduits and Conductors,” in *Engineering Experiment Station Bulletin*, No. 22, 1936
- “Concerning the Importance of Teaching School,” in *Journal of Engineering Education*, 1937

Lecture Notes, 1952-1953
