Engineering

Civil Engineering

Sanitary Engineering Conference Materials, 1959, 1960, 1963, 1965, 1966-

Box 1:

Proceedings, Sanitary Engineering Conference on Waterworks Safety, January 1959

Proceedings, Fifth Sanitary Engineering Conference, Quality Aspects of Water Distribution Systems, January 29-30, 1963

University of Illinois, College of Engineering, Proceedings, Seventh Sanitary Engineering Conference, Corrosion of Water Supply Systems, 1965

Seventh Sanitary Engineering Conference, Corrosion of Water Supply Systems, Abstracts of Paper, February 10-11, 1965

Proceedings, Seventh Sanitary Engineering Conference, Corrosion of Water Supply Systems, February 10-11, 1965

University of Illinois, College of Engineering, Proceedings, Eighth Sanitary Engineering Conference, Cost Aspects of Water Supply Conducted by the Illinois State Department of Public Health Division of Sanitary Engineering and the University of Illinois Department of Civil Engineering, 1966

University of Illinois College of Engineering, Proceedings, Ninth Sanitary Engineering Conference, Instrumentation, Control, and Automation of Water Supply and Wastewater Treatment Systems conducted by the Illinois State Department of Public Health Division of Sanitary Engineering and the University of Illinois Department of Civil Engineering, 1967

University of Illinois College of Engineering, Proceedings, Tenth Sanitary Engineering Conference, Waste Disposal From Water and Wastewater Treatment Processes conducted by the Department of Civil Engineering University of Illinois and the Illinois Department of Public Health Division of Sanitary Engineering, 1968

University of Illinois College of Engineering, Proceedings, Eleventh Sanitary Engineering Conference, Influence of Raw Water Characteristics on Treatment conducted by the Department of Civil Engineering University of Illinois and the Illinois Department of Public Health Division of Sanitary Engineering, 1969

University of Illinois College of Engineering, Proceedings, Twelfth Sanitary Engineering Conference, Nitrate and Water Supply: Source and Control conducted by the Department of Civil

Engineering University of Illinois and the Illinois Department of Public Health Division of Sanitary Engineering, 1970

University of Illinois College of Engineering, Proceedings, Thirteenth Water Quality Conference, Virus and Water Quality: Occurrence and Control conducted by the Department of Civil Engineering, University of Illinois at Urbana-Champaign and the Illinois Environmental Protection Agency, 1971

University of Illinois College of Engineering, Proceedings, Fourteenth Water Quality Conference, Groundwater Quality and Treatment conducted by the Department of Civil Engineering University of Illinois at Urbana-Champaign and the Illinois Environmental Protection Agency, 1972

University of Illinois College of Engineering, Proceedings, Fifteenth Water Quality Conference, Organic Matter in Water Supplies: Occurrence, Significance, and Control conducted by the American Water Works Association, Department of Civil Engineering at the University of Illinois at Urbana-Champaign, and the Illinois Environmental Protection Agency, 1973

Box 2:

University of Illinois College of Engineering, Proceedings, Sixteenth Water Quality Conference, Trace metals in Water Supplies: Occurrence, Significance, and Control Conducted by the American Water Works Association, Illinois Environmental Protection Agency, and the Department of Civil Engineering, University of Illinois at Urbana-Champaign, 1974

University of Illinois College of Engineering, Proceedings, Seventeenth Public Water Supply Engineers Conference, Water Distribution Systems, Conducted by the Department of Civil Engineering, University of Illinois at Urbana-Champaign; American Water Works Association; Illinois Environmental Protection Agency; and the Illinois Section, American Society of Civil Engineers, 1975

University of Illinois College of Engineering, Proceedings, Eighteenth Annual Public Water Supply Engineers' Conference, Water Treatment, Part I, Conducted by the Department of Civil Engineering, University of Illinois at Urbana-Champaign; American Water Works Association; Illinois Environmental Protection Agency; and the Illinois Section, American Water Works Association, 1976
