

11/9/23

Engineering

Materials Science and Engineering Department

Robert W. Bohl Papers, 1929, 1938, 1945-46, 1950, 1956-1996

Box 1:

Presentation to ISASI (International Society of Air Safety Investigators) – AUIA 355, 1985-86, 1993-95
CEP – All Articles, 1996

ISASI (International Society of Air Safety Investigators), November 1987

Talk for Aero Class, 1984, 1996

Product Liability Talk, 1929, 1989

MIS Talk on Nuclear Power, undated (c. 1980s?)

Heat Treating Furnaces, 1958-59

Welding Stainless Richard Greene, 1984, 1993, 1995

Environmental Effects of NE (Nuclear Energy), undated

Presentation of EMF (Electromagnetic Force) Studies, 1956

TES Talk, 1965

Sierra Club, 1974

Steelmaking Talk, 1964

Calumet Ed Series, 1970

ASM (American Society for Metals) Talk on “Microstructure”, 1958

ASM (American Society for Metals) Educational Series Talk, 1959

1974 Summer Undergraduate Instructional Award Project in Metallurgical Engineering, 1974

Heat Treating Data Book, Space Data Book, Standard Steel Analyses, 1965, 1965, 1981

Measurement Slides for Metal, 1938, 1950, 1960

Experiment Reports: Aluminum Alloys, Commercial Bronzes, Bearing Metals, 1945

Experiment Reports: Magnesium Alloys, Commercial Brasses, 1945

Box 2:

Experiment Reports: Case Hardening of Steel, Isothermal Decomposition Products, c. 1945-46

Experiment Reports: Annealed and Hot Rolled Steels..., Cast Iron..., c. 1946

Microstructural Analysis of Ferrous Alloys Workbook, c. 1990

Microstructural Analysis of Ferrous Alloys: A Student Reference Guide, 1990

Microstructural Analysis of Nonferrous Alloys Lab Workbook, c. 1990

ASM (American Society for Metals) Academy Couko, 1981

Metallographic Techniques Lab Experiment Workbook, 1984

Materials Control Laboratory Manual, 1984

Metallographic Techniques Lab Experiment Workbook, 1985
