Box 1:

Listing of Projects (numerical listing of all projects, numbers appear to follow chronological sequence of initiation of project.)

## Microfilm-16mm positive

Note: note all project files were available at the time the microfilm was made (1977). Camera operators inserted "File Missing" targets when there were breaks in the sequence, a small quantity of projects filmed out of sequence can be found on reels 53 and 23A, 27A and 28A.
