G. Frederick Smith Papers, 1922-1972

Box 1:

Bound research publications

Papers 1-50, 1922-34

Papers 51-115, 1934-49

Unbound reprints, 1923-35

Analytical chemistry, magnesium perchlorate, trihydrate, perchloric acid and alkali metals (1925), perchloric acid (1935)

Box 2:

Bound research publications, papers 116-170, 1949-63

Unbound reprints, 1947-68

Instantwhip (1947), periodic acid (1950), anhydrous magnesium perchlorate (1951), ice cream test (1954), cerate oxidimetry (1964), phenanthroline (1965), perchloric acid (1965) and price list (1967).

Quantitative Analysis by Harvey Diehl and G. Frederick Smith (1952).

"G. Frederick Smith" by Harvey Diehl in Talanta 13:867-894 (1966).

Fisher Award Program, 1972
