

16/1/1

Applied Health Sciences
Dean's Office
Subject File, 1936-2006

[Note: at the time of the initial review of these records in the basement of Huff Hall some boxes showed signs of prior water damage. Although they were not wet at the time of appraisal and accessioning, some files exhibited mold. These were separated during arrangement and description, sent to an outside vendor for treatment, and then refoldered before being refiled in their proper place within the filing sequence.]
