Processing Notes:

While Professor Chapa had files stored in his campus office, most were originally in his home. Once materials at his home were appraised, several boxes of the appraised files were discarded inadvertently by his family and the remaining collection of his papers therefore is incomplete. Duplicates and personal materials were weeded, and folder titles added by archives staff are indicated by [] in the finding aid. The papers were processed by Elizabeth Ray in 2017 and supervised by Susanne Belovari.
