The Story of Bear Hybrids

Photograph Collection

Tentative identification of images in Arthur Linn Bear photograph album, as provided by granddaughter Janice Bear Mandernach, 16 Northern Dr., Decatur, IL 62521-4632 on March 4, 2010.

Note that prior to donation of the album, the family had removed pages from the album relating to non-University of Illinois sites, especially those identifiable as Seattle, Washington.

However, the album still contains a number of non-Illinois images. Although the pages were loose, Ms. Mandernach indicated that she had tried to keep them in their original order.

For purposes of identification, a sheet number was written in pencil near the top of the left hand corner of each sheet. The recto of each sheet is indicated in the list below by the letter “A” and the verso by the letter “B.” The Archives staff employed archival string to then bind the pages together again. Unfortunately this rendered the sheet number a little hard to read. Additionally, all measurements are width by height in centimeters.
