Embossing Cuts and Engraving Dies, 1929-1994

Note: The majority of these cuts were used in the Palm or related ATO publications. Cuts are identified by their original identifying number (a 4-digit number with "P" before it for Palm). Those cuts which did not originally bear a number have been assigned a letter in alphabetical sequence by Bill Krahlung (Palm editor emeritus). All dies are identified by "D" before the number and can be found in Box 4.

Box 1:
